TNE^2 + I

December 3, 2025

> **i** Setup Instructions for Team
>
> If you are running this locally (Windows/Mac) and see a "Font not found" error: 1. Please install **Spectral**, **Roboto Flex**, and **Liberation Mono** fonts manually. 2. OR, temporarily comment out the font settings in the YAML header above. **Note:** This file will render perfectly in the John's Docker container as these fonts are pre-installed there.

Declaration of Authorship

We, "TNE^2 + I", pledge our honour that the work presented in this assessment is our own. Where information has been derived from other sources, we confirm that this has been indicated in the work. Where a Large Language Model such as ChatGPT has been used we confirm that we have made its contribution to the final submission clear.
